

# THE MIND PALACE

HIDDEN IN PLAIN SIGHT

“Life is infinitely stranger than anything which the mind of man could invent.”

– Arthur Conan Doyle

## The Mind Palace

The Network is the Holmes' brothers web of spies, informants and agents that beaver away to keep this and other nations safe. Due to its extra-judicial nature it's essential for there to be a home where Network agents can decompress.

We call it The Mind Palace.

The Mind Palace is a private cocktail club for the curious and a repository for Network cases been-and-gone. Every item is emblematic of the mystery where it was encountered – and every case is available for you to peruse at will.
